Enhanced Incentives

Your organization may be eligible for enhanced cash incentives if it uses less than 1.5 million kilowatt-hours of electricity annually and/or is a non-profit that meets these requirements: 1) holds 501(c)3 status, 2) is current on its Evergy bill, 3) has a client base that is greater than or equal to 65% low-income individuals and families, and 4) is responsible for the energy bill payments. Need help finding annual electricity usage? Call us at 844-687-0229.
