For Missouri Retail Service Area

RESIDENTIAL SERVICE TIME OF USE – TWO PERIOD  
Schedule RTOU-2**AVAILABILITY**

Available to single metered Residential customers receiving AMI-metered secondary electric service as an optional rate. Not available for Standby, Supplemental, Resale or single metered multi-occupancy Residential Service.

A “residential” or “domestic” customer under this residential rate classification is a customer who purchases electricity for “domestic use.” “Domestic use” under this rate classification includes that portion of electricity that is ultimately consumed at a single-family or individually metered multi-family dwelling and shall apply to all such purchases regardless of whether the customer is the ultimate consumer. Where a portion of a residence unit is used for non-residential purposes, the appropriate general service schedule is applicable to all service. However, if the wiring is arranged so that the service for residential purposes and for non-residential purposes can be metered separately, this schedule will be applied to the residential service. Temporary or seasonal service will not be supplied under this service.

**APPLICABILITY**

Single-phase electric service for residential customers that have a dwelling unit having kitchen facilities, sleeping facilities, living facilities and permanent provisions for sanitation. This rate schedule shall also be applicable to ordinary domestic and farm use, including but not limited to well pumps, barns, machine sheds, detached garages, home workshops and other structures used for permanent human occupancy subject to Company approval. However, this schedule is not applicable for crop irrigation, commercial dairies, hatcheries, feed lots, feed mills, dormitories or other structures designed to provide multiple sleeping quarters for unrelated individuals, or any other commercial enterprise.

Three-phase electric service for ordinary domestic and farm use customers being served residential three-phase prior to the effective date of this revision or, at the Company’s discretion, for residential customers requesting ordinary domestic use residential three-phase service subsequent to the effective date of this revision. The Customer shall bear all costs related to provision of three-phase service greater than the costs associated with providing normal, single-phase residential.

**TERM OF CONTRACT**

Contracts under this schedule shall be for a period of not less than one (1) year from the effective date thereof, however, customers may switch their residential service to a different residential rate subject to the terms of use and provisions of those rates.

**RATE: MORT2, With Net Metering MORT2N (Marketed as “Summer Peak Time Based Plan”)**

|                                       |                      |
|---------------------------------------|----------------------|
| A. CUSTOMER CHARGE (Per month)        | \$12.90              |
| B. ENERGY CHARGE (Per Pricing Period) |                      |
|                                       | <u>Summer Season</u> |
| On-Peak                               | \$0.34856 per kWh    |
| Off-Peak                              | \$0.08714 per kWh    |

**RESIDENTIAL SERVICE TIME OF USE- Two Period  
Schedule RTOU-2**

**PRICING PERIODS**

Pricing periods are established in Central Time by Season. The hours for each pricing period by Season are as follows:

**Summer**

**On-Peak:** 4pm-8pm, Monday through Friday, excluding holidays  
**Off-Peak:** All other hours

**Winter**

**Super off-peak** Midnight-6am, every day  
**Off-peak** All other hours

Holidays are New Year's Day, Memorial Day, Independence Day, Labor Day, Thanksgiving Day, and Christmas Day.

**MINIMUM MONTHLY BILL**

The Minimum Monthly Bill shall be the Customer Charge plus any additional charges for line extensions, if applicable.

**SUMMER AND WINTER SEASONS**

For determination of Seasonal periods, the four (4) summer months shall be defined as the four (4) monthly billing periods of June through September. The eight (8) winter months shall be defined as the eight (8) monthly billing periods of October through May. Customer bills for meter reading periods including one or more days in both seasons will reflect the usage for each period occurring in each season.
