### You want real responsibilities? We've got 'em.

You'll work on productive assignments with actual business interactions and gain high-level experience to launch your career. We know you work hard, so we help you play hard with intern socials, Green Team events, energy center tours, lunch and learns, and more.

### We offer interns positions in these areas:

- **Corporate:** Accounting & Finance, Corporate Communications, Real Estate, IT, Human Resources, Business Marketing, Supply Chain, Environmental
- **Engineering:** Power Delivery, Substation Generation, Transmission
- **Craft/Technical:** Journeyman Lineman, Power Plant, Substation

### The scoop

We're committed to delivering clean, safe, reliable sources of energy today and well into the future. So we're embracing alternative energy sources to generate more power with less impact to our environment, and adopting new technologies that let our customers manage their energy use in ways that work for them. Join the 4,800 employees across Kansas and Missouri who put their hearts into empowering a better future.
