

Wolf Creek UGSOA

You will no longer obtain your medical, prescription drug, and dental insurance coverage through Wolf Creek's group plan.

Instead, you will need to purchase health insurance through the individual Medicare marketplace. To help you transition from group to individual health and dental insurance, Evergy has partnered with Via Benefits, a trusted leader in private Medicare exchanges. To enroll in a Medicare eligible plan, you must contact Via Benefits at **1-844- 448-7296** or online, at [My.ViaBenefits.com/WestarEnergy](https://my.viabenefits.com/WestarEnergy).

Evergy will continue to offset some of your expenses by funding a reimbursement account on your behalf each year. Via Benefits will provide you with your HRA allocation amount during your enrollment session with a benefit advisor. In order to continue to receive an HRA allocation, you must enroll with Via Benefits. Via Benefits will be sending you information regarding the Medicare enrollment process.
