

Commercial and industrial electric service pricing

This is a summary of Small General Service, Medium General Service and Large General Service electric base rates, as approved by the Kansas Corporation Commission (KCC).

Glossary of Terms

Basic Service Fee. A flat monthly fee that partially covers fixed costs associated with providing electricity to your location.

City franchise fee. Generally, the franchise fee is the “rent” that we pay a city to use the rights-of-way for our lines, poles, etc. This fee percentage is set by each city and all proceeds go directly to the city.

Demand. A measurement in kilowatts (kW) of the greatest amount of electricity used in a 15-minute period during the billing period.

Energy efficiency. The costs associated with our investments in programs to improve energy efficiency.

Energy use. The total amount of electricity you use during the billing period, measured in kilowatt hours (kWh).

Environmental compliance. The costs associated with our responsibility to meet environmental laws and standards.

Fuel used in power generation. The cost of the fuel used to produce your electricity each month. Fuel costs are passed through from fuel suppliers to customers with no profit to Evergy. It’s reviewed by the KCC and adjusted quarterly.

kWh (kilowatt hour). Standard measure of electricity used equal to 1,000 watts used for one hour.

Late fee. A 2% late payment charge is assessed on bills that are delinquent.

Property tax surcharge. Reflects changes in the amount of property tax that are over or under what we estimated and included in our base rates.

Transmission. The costs associated with building and maintaining our transmission system.

Rates

All figures enclosed are Base Rates only. Usage is subject to riders, surcharges and taxes as approved by the Kansas Corporation Commission.

Rate Eligibility

The following are based on average electrical demand in kilowatts (kW):

- Small General Service Rate: Most nonresidential customers—200 kW or less
- Medium General Service: 200–1,000 kW
- Large General Service: 1,000–25,000 kW
- Industrial and Large Power Rate: Greater than 25,000 kW

All rates are also charged the following riders in addition to the Basic Service Fee:

- Fuel used in power generation
- Energy efficiency
- Property Tax Surcharge
- Transmission

Some customers also may qualify for church, school, or recreational lighting rates.
