

Home Protection Service (HPS) Plan Comparison

Evergy's Surge and Wiring Home Protection Plans will no longer be available for customers after December 1, 2026. Your current Home Surge Protection, Home Wiring Protection and/or Water Heater Repair Service will continue as usual until December 1, 2026. After that date, Evergy will no longer provide or service these plans.

If you'd like to continue similar coverage, you can choose to enroll with our partner, Oncourse® Home Solutions, at any time before December 1, 2026 to avoid a gap in coverage. Below, we've created a guide to compare your current home protection plan to the corresponding Oncourse plan, to help with an easy transition.

Basic Surge Protection	\$6.99/month Up to \$500 per Appliance and up to \$5,000 per year.	\$6.99/month Program will reimburse up to \$10,000 per annual term for your out-of-pocket expenses to repair or replace certain in-home electrical products valued at \$100 or more that are damaged by an electrical Surge.
